THE WHITE HOUSE
Washington

Congratulations to the recipients of the 2020 President’s Education Award.

Over the past year, the individuals who have earned this distinguished honor have exhibited exceptional work ethic and determination. Our Nation will soon look to these future leaders for guidance, and I am confident they will continue to build a stronger and more prosperous future for our great country. The First Lady joins me in applauding the educators, administrators, parents, and other community leaders who have been there every step of the way to encourage and uplift these bright young men and women.

As these talented students pursue their dreams and passions,
we send our best wishes for continued success.

Keep up the great work!

Donald J. Trump
