### Sheila Klepcyk:

Enrollment for preschool-8th grade. 364!! That is up from last year! Check out the pictures from the first day of school on SPB's Facebook page. Students have been amazing at adjusting to the new routines of school. The faculty had a retreat at the Jesuit Retreat house before the beginning of school and it was an amazing experience!

### Kelly Miller's Treasurer Report:

Uniform and spirit wear sales were successful in the month of August!

PTO paid for the playground maintenance and start up checks for teachers in the month of August.

Kelly set up an Amazon business account for teachers. This way teachers can create a wish list for their classroom needs. This a tax free way for teachers to get items for their classrooms. The account is also set up to an Amazon smile account so SPB gets the donation. A win, win!!
