price on it. Items will go on sale the first week of August. More information on that during the summer.

- **New School supplies company: 1st Grade School Supplies**

- * 1GSS is a family owned company that uses exclusively name brand supplies at competitive prices. They are a larger mid-sized company that limits their growth each year so they can pay more attention to clients. Service to approximately 2,000 schools including Lander & Beachwood. They also employ college students with paid internships to package and quality control the kits. I've seen some videos and this looks like a fantastic work environment and people who really care about their products.

- * Prices seemed to be similar but name brand products

- *** A big thanks to Colleen for doing the research***
